

The APart CMR15T is a quality 100 V rectangular loudspeaker. It is loved by every interior designer for its beautiful shape, ease of integration and excellent sound quality.

This loudspeaker is of the two-way hifi type, and has a 4" woofer and a 1" tweeter. It makes the CMR15T very suitable for the distribution of background music and microphone calls. The loudspeaker is easy to install thanks to its simple, quick mounting system with 4 screws hidden behind the grill.

Thanks to its a full metal frame and a coated dual paper cone this speaker offers the lowest distortion and increased resistance against moisture. CMR15T is standard in white color RAL9010. From 12 pieces on, the loudspeakers can be painted optionally in any other RAL color (REF ; PAINTCM)
